SENATE RESOLUTION

MR. PRESIDENT:

I offer the following resolution and move its adoption:

A RESOLUTION requesting an interim study on providing educational services to expelled students.

Whereas, Due to increasingly stringent disciplinary policies in school corporations, greater numbers of students are being expelled from school;

Whereas, Although in some school corporations innovative programs are in place for the continuing provision of educational services to expelled students, other schools offer no such programs, leaving parents with no means of providing an education for their children;

Whereas, Interrupting a child's education can have serious consequences, jeopardizing the child's chances for success in school and life; and

Whereas, Because expelled students are often those who were failing academically before dismissal, the need for continued access to educational services is even more pressing: Therefore,

*Be it resolved by the Senate of the
General Assembly of the State of Indiana:*

- 1 SECTION 1. That the legislative council assign the topic of
- 2 methods and programs to provide educational services to expelled
- 3 students, including funding for such programs, to an interim study
- 4 committee during the 2002 legislative interim.
